

## Materials from UN Global Compact Spain regarding UNGPs

---

- **Publication:** Empresas y derechos humanos: acciones y casos de éxito en el marco de la Agenda 2030 - Business and human rights: actions and good practices within the framework of the 2030 Agenda ([link in Spanish](#))

**Description:** Publication that links the framework of the Guiding Principles with the 2030 Agenda. In addition, different actions and good practices related to different categories of human rights are explained: right to food, right to privacy, LGBTI rights, etc.

- **White paper:** Gestión responsable de la cadena de suministro: Trasladando el compromiso por la sostenibilidad a los proveedores - Responsible management of the supply chain: Transferring sustainability to suppliers ([link in Spanish](#))

**Description:** White paper that aims to raise awareness about the need to transfer the values and commitments of the company to suppliers through the framework of the Guiding Principles, as well as the Sustainable Development Goals and the Ten Principles of UN Global Compact.

- **Publication:** Derechos humanos y la COVID-19: claves para el sector privado - Human rights and COVID-19: keys for the private sector Actions ([link in Spanish](#))

**Description:** Publication that focuses on the need for companies to face the COVID-19 pandemic from a human rights perspective, using the Guiding Principles and the due diligence process.

- **Infographic:** Tu empresa y los derechos humanos: Cómo implantar los Principios Rectores en tu organización - Your company and human Rights: How to implement the Guiding Principles in your organization ([link in Spanish](#))

**Description:** Infographic with five steps to implement the Guiding Principles within the company.

- **Good practices Platform:** Plataforma COMparte – COMparte platform ([link in Spanish](#))

**Description:** Good practices platform with 911 good practices from Spanish companies aligned with the SDGs and the Principles of the Global Compact. 384 of these practices are related to human rights (42%).

- **Data publication:** Contribución de las empresas españolas a la Estrategia de Desarrollo Sostenible 2030 - Contribution of Spanish companies to the 2030 Sustainable Development Strategy ([link in spanish](#))

**Description:** Publication that analyzes the results of a business survey carried out by UNGC Spain in collaboration with the Spanish government, which was answered by more than 1,900 Spanish companies. According to this survey, despite the fact that 25% of companies declare that they have a human rights policy, only 8% of them evaluate its impact in this area. And if we consider only the data of large companies, with more than 250 workers, while 47% of these companies have a human rights policy, only 23% are conducting impact assessments.

- **Data publication:** Comunicando el Progreso 2020: Una llamada a la acción sostenible y al reporte empresarial – Communication on Progress 2020: A Call to Sustainable Action and Business Report ([link in spanish](#))

**Description:** Publication that analyzes the sustainable development performance of companies from the main Spanish benchmark IBEX35 (analyzing their reports) as well as the Spanish companies from UN Global Compact (through a survey). According to this publication, 77% of IBEX35 companies evaluate their suppliers in human rights, and 69% have a complaints channel in the event of violation in this area.

- **Publication:** Empresas y Pueblos Indígena: Guía de la Red Española del Pacto Mundial - Companies and Indigenous Peoples: Guide of the Spanish Network of the Global Compact ([link in spanish](#))

**Description:** Publication that focuses on the rights of indigenous people and the actions that companies can take to respect them.
