The Permanent Mission of the Republic of Serbia to the United Nations Office and other International Organizations in Geneva presents its compliments to the Office of the United Nations High Commissioner for Human Rights and, referring to the Note Verbal dated 1 February, 2013 concerning Human Rights Council resolution 21/14 entitled "World Programme for Human Rights Education", has the honour to forward the following suggestion of the Office for Human and Minority Rights of the Republic of Serbia:

"Given the importance of international agreements and treaties and the fact that in the legal system of Serbia they are superior to domestic legislation and can be directly applied, Office for Human and Minority Rights of the Republic of Serbia is suggesting that the third phase of the World Programme for Human Rights Education includes, inter alia, the repeal of the so-called "anti-terrorist" legislation which has a direct application of ratified international human rights instruments."
